ADE Turf Equipment's Service Procedure

- All ADE Turf Equipment's service, repairs and adjustments are conducted as per instructions in the maintenance and service manuals.

Periodic Service Schedule- Electric Vehicles.

- ✓ Brakes- check, adjust and clean
- ✓ Lubricate front end
- ✓ Check overall condition of the cart
- ✓ Check front and rear suspension
- ✓ Check tyre pressures and adjust
- ✓ Differential oil level, only change per schedule (not required every service)
- ✓ Check battery condition and fluid levels- adjust as required
- ✓ Check battery leads and connections- adjust as required
- ✓ Use C.D.M and I.Q.D.M scanners to detect vehicle use and determine (if any) fault codes.
- ✓ Check wheel nuts and tighten if needed
- ✓ Check all lights for operation
- ✓ Lubricate Brake and acceleration linkages
- ✓ Check front wheel bearings

*All of the above is included in the service pricing, however any parts required in completing these checks will be at the owner's expense.
