MEMBERSHIP LEVELS

Three membership levels exist, as detailed below. Membership levels determine benefits and entitlements. Firstly select your level, then select your category. Membership categories determine your playing rights (5, 6 or 7 day), as detailed on the following pages.

Platinum

Platinum memberships are our shareholder category and include the greatest number of benefits, namely ownership and voting rights.

The purchase or leasing of a share is required to be a Platinum member.

Gold

Gold memberships have many similar golf benefits to the Platinum category but have no ownership or voting rights.

The greatest benefits Gold provides over Silver are:

1. Health Club access
2. Guest vouchers
3. Driving range balls
4. Greater tee sheet booking entitlements

Silver

Silver memberships provide a great starting point for your golfing experience at Sandhurst Club.
